RESNOTE DISTRIBUTION SCHEDULE AND REQUIREMENTS:

This RESNOTE is distributed prior to the first drill weekend of each month. Paper distribution is mandatory for those reservists without E-mail. Unit COs should ensure the RESNOTE is distributed to all members in their unit. If you know of any Submarine Reservist presently serving outside of Program One, please forward a copy of this RESNOTE to them and invite them to send their e-mail address to the PCU. They will be added to the distribution list. Send e-mail input for upcoming RESNOTES to LCDR Will Duke (p8251r1@sears.com) (SUBLANT) or CAPT David Hill (hillhd@westinghouse.com) (SUBPAC).

SUBMARINE ITEMS IN THE NEWS

<http://ebird.dtic.mil>

Russians spot U.S. Subs: The Associated Press reported that an unidentified Russian Defense Ministry Official announced that reconnaissance jets were sent to investigate U.S. – South Korean military exercises in response to spotting two U.S. subs.

Fire on USS Florida: A fire broke out near the nuclear reactor of the USS Florida while at Norfolk Naval Shipyard on Wednesday, 27 August 2003. Four shipyard workers were injured.

Judge Restricts Navy Sonar: A Federal Judge has restricted U.S. Navy experiments with high-powered sonar due to endangerment of sea life.

New propulsor set for Astute submarine: An industry team led by Rolls-Royce will in October deliver the first of a new-generation of submarine pumpjet propulsors to the BAE Systems shipyard at Barrow-in-Furness for the UK Royal Navy's Astute-class nuclear attack submarine (SSN) program.

US Navy seeks next-generation submarine towed array: The Submarine Acoustics Program Office in US Naval Sea Systems Command (NAVSEA) has solicited proposals to develop and build prototypes of a next-generation (NextGen) 'fatline' towed array. The sensor is intended to have greater reliability and higher performance than the in-service TB-16F array, particularly against quiet targets in cluttered, littoral environments.

SUBMARINE HISTORY

<http://www.history.navy.mil>

October 13, 1775: NAVY BIRTHDAY. The Continental Congress establishes Continental Navy, later the U.S. Navy.

October 10, 1845: The Naval School, later the Naval Academy, opens in Annapolis, Maryland with 50 midshipmen and 7 faculty.

October 19, 1915: Establishment of Submarine Base at New London, Connecticut.

October 6, 1958: USS Seawolf (SSN-575) completes record submerged run of 60 days, logging over 13,700 nautical miles.

October 15, 1960: USS Patrick Henry (SSBN-599) begins successful firing of four Polaris test vehicles under operational rather than test conditions.

October 26, 1963: USS Andrew Jackson (SSBN-619) launches first Polaris A-3 missile from a submerged submarine off Cape Canaveral, Florida.

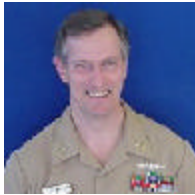

UPCOMING EVENTS

SUBLANT VTC: The SUBLANT CO video-conference will be conducted Saturday, October 4 from 0900 to 1100 EST. Goals and objectives will be communicated along with presentations from Program Directors and the SUBLANT RLO. COs and SEAs are expected to participate. If the CO is unable to participate due to a schedule conflict, a senior officer should participate on his behalf. Email CDR Paul Hunt at aikenhunts@aol.com with any questions or to confirm participation.

Annual Total Force Conference: The COMSUBLANT Total Force Conference will be held on 6 and 7 February, 2004. A 'meet and greet' social will be held the evening of Thursday, 5 February. As last year, it will be held at the Little Creek Conference Center on the Little Creek Amphibious Base, Virginia Beach, VA. Tentatively, fees will be \$75-80 per person. Final cost will be established by November and Conference Reservation forms will be attached to the November RESNOTE with more details.

COMSUBPAC Total Force Conference: COMSUBPAC will hold their Annual conference in San Diego, CA on 23 and 24 January, 2004.

CMC NOTE

About a year ago, I wrote an article on the Senior Enlisted Academy Non-Resident Course (SEA-NRC). With a year gone by, we have had quite a few attendees to this outstanding course and we are the better for it. I still encourage all of our E8 and E9 personnel to get signed up at first opportunity. It will not only prepare you to better lead your Sailors, but will open many doors for you as you continue to advance in your career as well. Thus, I feel compelled to revisit this subject this month.

Once you have gone through the application process and are offered a seat, you will receive orders for a 2 day IDTT to New Orleans where you will be issued all of your books, training materials, and software. You will be given an opportunity to meet with your facilitator and new classmates and will receive instruction on installation and operation of the courseware that you will be installing on your computer at home.

Back at home, you will enter into the 18-week Distance Learning (DL) module, which is a facilitated online learning experience. Your work, directed by the Computer Based Training and your facilitator, will include selected readings from included books, a book report from the MCPON reading list, writing assignments, participation in collaboration and study groups, and weekly quizzes. In this part of the course, you will study nutrition, national defense, time management, military command force structure, writing, counseling, and mentoring, to name a few. You will also be collaborating with your classmates several times a week where you will “discuss” the materials that you are currently working on. At the conclusion of the DL component of the class, you will report to the Naval Reserve Professional Development Center (NRPDC) in New Orleans for the On-board Learning (OBL) phase which runs for 15 days.

During the OBL phase, students attend regular classes, 7 days per week. During this very busy phase of the course, students will work on group projects, facilitate discussions, give several presentations, participate in a formal dining in, participate in daily PRT, and complete a regulation PFA prior to graduation. The course is somewhat demanding, but, I assure you, it will be one of the most richly rewarding experiences of your career.

The course convenes twice a year; with the DL module convening in April and October. The annual training period covering the OBL phase for these classes occurs in August and March respectively. There are 60 seats per class which are divided up into smaller working groups.

So, if you're an E8 or E9 and have not yet been to this premier course, apply today. Application instructions can be found at <http://www.nrpdc.nola.navy.mil/SEAWEB/seanrc.htm>. I strongly encourage all of our E-8 and E-9 personnel to participate. I assure you, you will be richly rewarded for the investment of your time.

SRWG (Formerly SWRPB)

The twenty-fifth meeting of the Submarine Reserve Working Group (SRWG) is scheduled for Friday, 07 November 2002, in the N77 spaces, Presidential Towers (formerly NC-1), located at 2511 Jefferson Davis Highway, Arlington VA.

The SRWG is composed of permanent reserve and active members from COMSUBLANT, COMSUBPAC, COMUNDERSEASURV, and OPNAV, and additional invited members as appropriate; and addresses the

Submarine Reserve issues of highest concern. The SRWG considers the results of an assessment of the Submarine Reserve program from the previous year, and considers issues brought forth by TYCOM Deputies and EXCOMs. The SRWG then develops recommendations for the TYCOM Deputies and OPNAV (N77R) concerning performance goals for the next FY, ongoing measures of effectiveness, budgeting guidance for the next POM/PR submittal, and actions concerning personnel and community management issues.

The SRWG will provide recommendations on action items and policy affecting the Submarine Reserve Program to the Submarine Reserve Flag Executive Committee. Policy items are welcome to be submitted using the format below. The following is the suggested format for submitting policy items. Please forward the policy items to N77 Reps: CAPT Jakubowski (wayne.j@erols.com), LT Trevor Henry (thenry65@hotmail.com) and the CSP/CSL/N77 RLOs (douglas.hanson@navy.mil; SimmonsMT@hq.sublant.navy.mil; john.croce@navy.mil).

Due date for policy items is 20 October 2003.

ANNUAL TRAINING OPPORTUNITIES

AT/POSSIBLE ADT OPPORTUNITIES AT SUBLANT HQ: SUBLANT's Command Evaluation Program (CEP) is an independent, in-house assessment of various mandated programs designed to assist the command with improving mission accomplishment, maintaining integrity of command, and ensuring economical use of resources. By assisting with this program you are not only providing valuable perspective to the gaining command, but also have the opportunity to learn about a wide variety of different programs. The individual assessments do not usually require a full 12 days of AT, so you also may be able to perform in increments of less than 12 days to accommodate your civilian work schedule. Please contact CDR Syd Beem at sbeem1@aol.com for further information on scheduling your AT. ADT may also be available based on budget allocations.

NAVAL SUBMARINE SCHOOL RESERVE UNIT INITIATES NKO SUBMARINE RESERVE TRAINING WEB PAGE

The Naval Submarine School Reserve Unit seeks input for the development and maintenance of the new ***Submarine Reserve Training*** page located at the Navy Knowledge Online (NKO) website. The intent of the training page, found under the ***Submarine Learning Center*** on the NKO website, is to provide Submarine Reservists with information, training material, and Internet links that facilitate their personal and professional development.

This is an excellent opportunity to help guide the format, content, and ultimately the effectiveness of this valuable tool. Forward ideas, recommendations, and requests to the following NAVSUBSCOL points of contact:

Program One Training Coordinator - CAPT Frank Chan (chanf@npt.nuwc.navy.mil)

Officer Training - LCDR Robert Bunger (lcdr-robert.bunger@cnet.navy.mil)

Enlisted Training - FCC David Youngsman (fcc-david.youngsman@cnet.navy.mil)

All other questions pertinent to this subject area, including questions regarding the Submarine Reserve/Program 1 ECC (Enterprise Collaboration Center), should be directed to the **Submarine Reserve NKO Webmaster** - CDR Mike Ward (mike@mikeward.com)

<<mailto:MARY.CAMPBELL1@NAVY.MIL>>//

RMKS/1. THIS ALNAVRESFOR ANNOUNCES POLICY AND PROCEDURES FOR NAVAL RESERVISTS TO TELECOMMUTE AS AN APPROPRIATE MEANS OF PERFORMING INACTIVE DUTY TRAINING (IDT). THESE CHANGES WILL BE INCLUDED IN THE UPCOMING REVISION OF REF A.

2. POLICY:

A. TELECOMMUTING IS THE PRACTICE OF PERFORMING ASSIGNED MILITARY DUTIES AT HOME OR SOME OTHER NON-MILITARY ESTABLISHMENT. IT IS A MANAGEMENT OPTION MEANT TO INCREASE FLEXIBILITY AND PRODUCTIVITY BY MAXIMIZING RESOURCES. IT IS NOT TO BE USED SOLELY FOR THE CONVENIENCE OF THE MEMBER.

B. UNIT COMMANDING OFFICERS WILL BE RESPONSIBLE FOR APPROVING AND DIRECTING THE USE OF TELECOMMUTING, AND FOR MONITORING AND REPORTING COMPLETION TO THE SUPPORTING NAVAL RESERVE ACTIVITY (NRA).

C. PARTICIPANTS MUST MEET ALL ADMINISTRATIVE AND MEDICAL REQUIREMENTS FOR THE PERFORMANCE OF IDT.

D. PARTICIPANTS MUST ACKNOWLEDGE THEIR ACCOUNTABILITY AND PERSONAL RESPONSIBILITY VIA A PAGE 13 ENTRY INCLUDING COVERAGE BY UCMJ AND OTHER PERTINENT REGULATIONS CONCERNING DETERMINATIONS FOR LINE OF DUTY, INJURY/ILLNESS, AND MISCONDUCT. THE PAGE 13 FORMAT IS AVAILABLE ON THE COMNAVRESFOR WEB SITE, MANPOWER AND PERSONNEL PAGE AT [HTTPS:RESERVES.NAVY.MIL](https://reserves.navy.mil), LOG IN, THEN CLICK MANPOWER AND PERSONNEL TAB.

E. PERFORMANCE OF DUTIES WILL INVOLVE ONLY UNCLASSIFIED ISSUES AND MATERIAL.

F. USE OF GOVERNMENT EQUIPMENT OR EXPENSE REIMBURSEMENT IS LIMITED TO THAT PROVIDED FOR AND COORDINATED BY THE REQUESTING COMMAND OR AGENCY.

G. PARTICIPANTS MAY BE REQUIRED BY THE COMMAND OR AGENCY THEY ARE SUPPORTING TO COMPLETE A SEPARATE STATEMENT OF UNDERSTANDING OR WORK AGREEMENT.

3. IDT ADMINISTRATIVE PROCEDURES:

A. TELECOMMUTING MAY BE USED FOR REGULAR PAY AND NON-PAY DRILLS.

B. PERSONNEL AUTHORIZED TO PERFORM DRILLS VIA TELECOMMUTING WILL BE REQUIRED TO PERFORM AT LEAST TWO DRILLS PER QUARTER AT THE SUPPORTING NRA TO ENSURE COMPLETION OF ORGANIZATIONAL AND ADMINISTRATIVE REQUIREMENTS.

C. DRILLS ARE TO BE REPORTED TO THE NRA USING NAVRES FORM 1570/16. THE UNIT COMMANDING OFFICER IS RESPONSIBLE FOR PROVIDING APPROPRIATE OVERSIGHT OF PARTICIPATING MEMBERS AND FOR VERIFYING COMPLETION OF DRILLS.

D. IN ORDER TO GAUGE THE IMPACT OF TELECOMMUTING ON DRILL EXECUTION, NRA'S WILL BE REQUIRED TO MAINTAIN A RECORD OF PARTICIPANTS AND THE NUMBER OF DRILLS PERFORMED VIA TELECOMMUTING. THIS REQUIREMENT WILL BE FOR FISCAL YEAR 2004. NRA'S SHOULD EXPECT TO BE REQUIRED TO PROVIDE DATA AT MID YEAR AND YEAR'S END.

4. THIS PROGRAM IS A RESULT OF OUR LEADING CHANGE INITIATIVES. IT CONTINUES THE PROGRESSION OF INCREASED FLEXIBILITY IN THE USE OF SELRES ASSETS THAT STARTED WITH FLEXIBLE DRILLING AND INCREMENTAL DRILLING. THE SUCCESS OF THIS NEW INITIATIVE IS DEPENDENT UPON THE PROFESSIONALISM AND INTEGRITY OF ALL WHO PARTICIPATE IN THE PROGRAM. I AM CONFIDENT YOU WILL USE THIS PROGRAM TO ENHANCE THE MISSION EFFECTIVENESS OF OUR NAVAL RESERVE. VADM TOTUSHEK SENDS.//
